
Teorema de Steiner: I vs a^2
$y = m\,x + n$
$m = 0.2000 \pm 0.0000$
$n = 0.0071 \pm 0.0000$
$R^2 = 1.000000$
$N = 5$
$I = I_{\mathrm{barra}} + (m_1 + m_2)\,a^2$
$m = m_1 + m_2$
$n = I_{\mathrm{barra}}$
